A NEW ERA OF INDIVIDUALITY

New levels of freedom. New levels of versatility. New levels of pure enjoyment on the road. These are what we have achieved with the all-new Mazda CX-3.

A well-planted stance; a sleek profile with short overhangs; striking good looks, Mazda CX-3 is designed and engineered to stimulate the emotions by closely matching human sensibilities. Mazda CX-3 marks another advancement in Mazda's KODO design philosophy with its eye-catching expression of dynamic motion that creates a bold statement of charismatic style.

Mazda CX-3 is the perfect vehicle for expressing your individuality and spirited lifestyle.

KODO: SOUL of MOTION
Singapore

KODO DESIGN

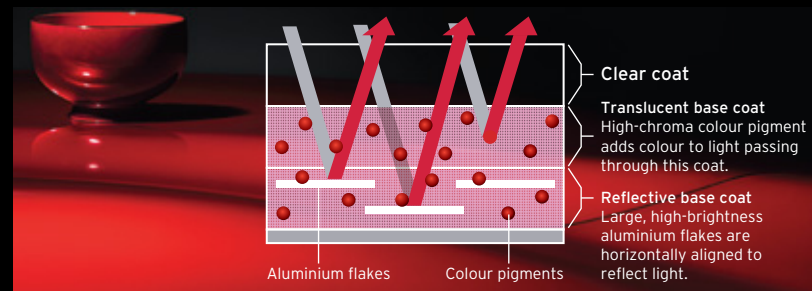

LED Headlights & Daytime Running Lights with redesigned front grille.

LED Taillights.

18-inch Alloy Wheels.

Signature paints from Mazda offers the luster and depth conceived by the creative minds of our designers, this rich hue is the result of a myriad of spray processing innovations.

A NEW ERA OF COMFORT & CONVENIENCE

Mazda CX-3's interior is filled with finely-crafted details - inviting soft materials; metallic finished parts; stylish trim. It is designed around you, the ideal driving position makes you feel connected with the car, giving you a commanding view of the road ahead and a reassuring feel of stability through the corners.

The seats are wrapped in leather with good ergonomics whilst the spacious cabin offers a plush and comfortable drive.

The Human Machine Interface (HMI) with MZD CONNECT is designed to enhance the in-vehicle connectivity experience with minimal distraction to driving.

Driver's physical stress is reduced as eyes and hands movement are minimised with the Active Driving Display mounted above the meter hood and the convenient steering wheel with mounted switches and paddle shifters.

HUMAN MACHINE INTERFACE

MZD CONNECT with full-colour touch screen display and commander control lets you make calls, change your music and more without needing to take your hands off the wheel.

Full-colour Active Driving Display shows your current speed and important navigation info all within your driving view.

Multifunction steering wheel with electronic integrated cruise control and paddle shifters.

Sport Mode Drive Selection Switch.

A NEW ERA OF SAFETY PERFORMANCE

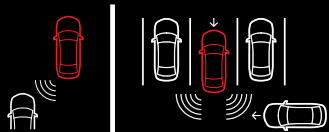

Our Proactive Safety Philosophy is about complementing the driver's abilities while still allowing for a fun driving experience. Safe driving demands early recognition of potential hazards, good judgment and appropriate actions, and we work to support these essential functions so you can have peace of mind and confidence despite changing driving conditions.

Mazda CX-3 is well-equipped to be driven with full confidence. Collision protection is world-class, thanks to a highly rigid SKYACTIV-BODY integrating multiple SRS airbags for maximum safety.

ADVANCE SAFETY TECHNOLOGIES

i-ACTIVSENSE: BLIND SPOT MONITORING (BSM) REAR CROSS TRAFFIC ALERT (RCTA)

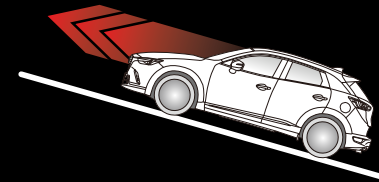

BSM alert drivers of the presence of vehicles approaching from behind and in the adjacent lane on either side by displaying an icon in the appropriate door mirror. RCTA alerts the driver when it detects vehicles approaching from either side during reversing operations.

SRS AIRBAGS

A full complement of 6 airbags - front, front seat side, curtain - provide another layer of protection against physical shock and injury in a collision.

HILL LAUNCH ASSIST (HLA)

When taking off on a slope, HLA helps prevent the car from rolling backwards when the driver moves his or her foot from the brake to the accelerator pedal by maintaining an automatic brake.

EMERGENCY SIGNAL SYSTEM (ESS)

ESS activates the hazard lights to flash at high speed if the driver suddenly brakes when traveling at speed over 50km/h. This helps prevent collisions by warning following vehicles that the car is braking hard.

SKYACTIV VEHICLE DYNAMICS G-VECTURING CONTROL (GVC)

MORE CONNECTED IN THE CURVES

In pursuit of perfecting the driving dynamics of our Mazda vehicles, we developed SKYACTIV-VEHICLE DYNAMICS with G-Vectoring Control (GVC), a new technology to help achieve a smoother, and less fatiguing drive.

The system works seamlessly by controlling the G-forces going through the car while in motion by shifting the gravitational forces, this lets you enjoy both city driving and twisty roads with confidence. Why do we obsess over subtle improvements? Because we believe that by refining even the smallest of details, we can make driving better.

Turn-in starts - GVC activated

- Engine torque reduction
- Load shifts to front wheels

► Enhanced cornering response

Taking corners

- GVC senses steering angle
- Optimum engine torque calculated, instruction sent to engine

Steering angle maintained

- Engine torque restored
- Load shifts to rear wheels

► Enhanced cornering stability

SKYACTIV TECHNOLOGY

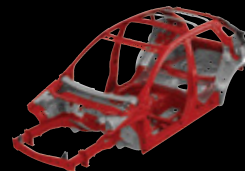

SKYACTIV-G

The high-efficiency, proven 2.0L petrol engine delivers crisp response and great low to mid range torque for lively performance both in city and highway driving.

SKYACTIV-DRIVE

Fast, smooth gearshifting along with the direct, connected feel of a manual transmission - that is the responsive 6-speed SKYACTIV-DRIVE.

SKYACTIV-BODY

SKYACTIV-BODY employs optimized structures and advanced materials to simultaneously achieve lighter weight and increased rigidity for better safety and handling performance.

SKYACTIV-CHASSIS

The lightweight SKYACTIV-CHASSIS provides more comfort and security via its suspension setup, while at the same time delivering Mazda's hallmark fun-to-drive feel.

i-STOP

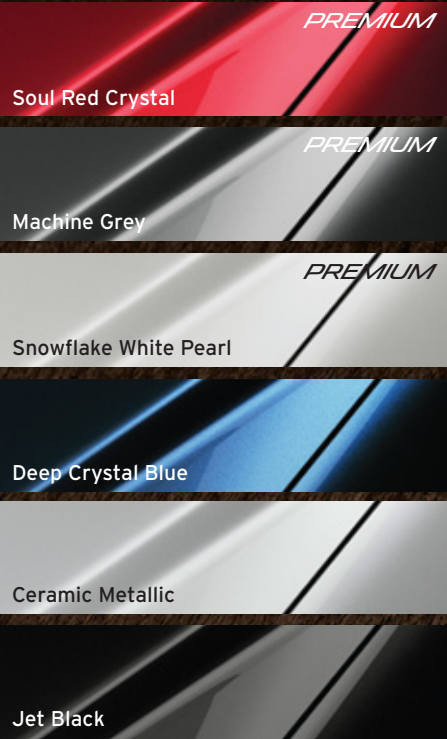

Mazda's i-Stop Idling Technology automatically shuts down the engine when you come to a complete halt after braking, avoiding fuel wastage while stationary in traffic or at a traffic light junction.

Mazda CX-3 TECHNICAL SPECIFICATIONS

● equipped — not available

Variant		2.0L 2WD
Engine Type		SKYACTIV®-G 2.0L
Powertrain		
Type		DOHC 16-Valve 4 Cylinder
Displacement		1,998
Maximum Power		154/6,000
Maximum Torque		206/2,800
Compression Ratio		13.0 : 1
Fuel System		Direct Injection
Fuel Tank Capacity		48
Transmission		SKYACTIV® DRIVE 6-Speed Automatic with Manual Shift Mode
Chassis		
Steering Type		Electronic Power Assisted Steering (EPAS)
Suspension Type		MacPherson Struts / Torsion Beam
Brake Type		Ventilated Disc / Solid Disc
Tyre Size		215 / 50R18
Dimensions		
Overall Length x Width x Height (mm)		4,275 x 1,765 x 1,535
Wheelbase (mm)		2,570
Curb Weight (kg)		1,290
Exterior		
LED Front Headlights with Auto On / Off with Auto Leveling Function		●
LED Daytime Running Lights		●
LED Taillights		●
Rain-Sensing Variable-Intermittent Windshield Wipers		●
Mazda Advance Keyless Entry		●
Interior		
Engine Start / Stop Button		●
Active Driving Display (Color Heads-Up Display)		●
7" MZD CONNECT Infotainment System with Multi-Function Commander Control & Voice Command		●
AM / FM Tuner with Auxillary-Audio Input Jack & CD Player, USB Ports x2		●
Audio Speakers		6 Speakers
Leather Steering Wheel (Tilt & Telescopic) with Audio, Bluetooth® Hands-Free & Cruise Control Switches		●
+/- Gear Paddle Shifters		●
Single-Zone Auto Climate Control		●
One-Touch Power-Folding Side Mirrors with Integrated Turn Indicators		●
One-Touch (Up & Down) Power Window with Anti-Pinch (Driver Side Only)		●
Auto Dimming Rear View Mirror		●
Sport Mode Drive Selection Switch		●
10-Way Power Adjustment (Driver Side Only) - Tilt, Lift, Lumbar, Slide & Recline		●
Reverse Camera with Distance & Width Guide Lines		●
Advance Technologies		
Mazda G-Vectoring Control Technology		●
Mazda i-Stop Idling Technology		●
Standard Safety Technologies		
6 SRS Airbags - Front Driver & Passenger, Side and Curtain		●
Anti-Lock Braking System (ABS)		●
Dynamic Stability Control (DSC)		●
Electronic Brake-Force Distribution (EBD)		●
Emergency Brake Assist (EBA)		●
Traction Control System (TSC)		●
Emergency Stop Signal (ESS)		●
Hill Launch Assist (HLA)		●
Front Seat-Belts with Pretensioners & Load Limiter & Height Adjustable Anchorages		●
Walk Away Lock		●
ISOFIX Child Seat Anchors		●
i-ACTIVSENSE - Advance Safety Technologies		
Blind Spot Monitoring (BSM)		●
Rear Cross Traffic Alert (RCTA)		●
