Engine Speed (rpm)

Displacement: 4,778cc **NPR PRO** Max. Output (Gross): 135ps (99.3kW) @ 2,600rpm 4HL1-TC Max. Torque: **372Nm @ 1,600rpm**

USEFUL FEATURES

Longer leaf spring is sturdier, capable of handling heavier loads with less deflection for better driving comfort.

• JPJ Regulation Compliance and Specifications may vary. TALLER

Cargo Space

voltage for high consumption electrical

6 speed gearbox ensures suitable gear selection.

INTERIOR

Excellent all-round visibility

FOR SAFETY, COST-SAVINGS AND THE ENVIRONMENT

Halogen reflectors provide outstanding illumination over a broad area to improve night time visibility and safety.

90 Degrees door opening.

Built-in channels on roof deflects rainwater away from windscreen, hence reducing view distractions and prevents fogging up conditions

Rear fog lamp and reverse sensor.

Headlight leveling. Preferred headlight beam position can be maintained when truck is loaded and when it has no load.

strength reinforcement frame.

Door impact beam with high tensile

Energy absorbing steering wheel and column. More durable when carrying maximum load

and contributes to longer-lasting brakes.
