REFINED DESIGN

Pure Inspiration.

Good art inspires. Good design motivates.
Design is not just what it looks like and feels like.
Design is how it works.

The PROTON X70 is where the Malaysian inspired form and world class function come together in perfect harmony. The Malayan tiger in full motion inspires the sleek silhouette of the PROTON X70.

The front grill follows the dynamic form of a traditional bow that is accentuated by the interlocking patterns of traditional Malaysian woodcarving, thus continuing the tradition of the Malaysian craftsmanship.

"Design is creativity with strategy." - Rob Curedale

LED Headlamps with Daytime Running Lamps (DRL)

Instantly recognisable visage increases illumination and visibility in all weather conditions.

LED Front Fog Lamps

Provides greater visibility in poor weather conditions.

19" Alloy Wheels

Stylish yet solid to withstand any road conditions.

Front Welcome Lamps

A classy touch that welcomes you onboard.

LED Rear Combination Lamps

Stunning rear lighting with LEDs that illuminates faster, alerting drivers behind you.

Rear Diffuser with Dual Exhaust Outlets

High performance output with appealing aesthetics.

Nappa Leather Power Seats

Discover the comfort of soft and supple seats armed with power adjustment to find your preferred seating position. The driver seat comes with 6+2 way adjustment. The passenger seat offers 4 way adjustment with a "Boss" switch.

Panoramic Sunroof

Larger-than-average sunroof creates a sense of space and luxury to open up your world.

LCD Meter Combination

Advanced design with 7" High Definition display.

Air Purifier System

Filters out harmful gases, removes bad odour and kills bacteria.

REDEFINED CONNECTIVITY

Take control through touch and voice command.

The PROTON X70 is powered by Artificial Intelligence.

The ease of mobile interface is extended to in-car experience; redefining connected mobility.

To empower you.

Isn't it time for you to take charge?

"We are all connected by the internet, like neurons in a giant brain." - Stephen Hawking

Smartphone Connectivity

Android mirror-link for your smartphone.

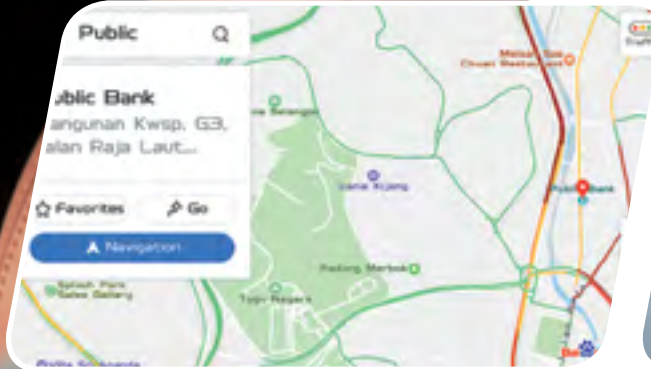

Voice Command

Say "Hi PROTON" to control features like windows, air-conditioning and navigation through the 8" infotainment head unit.

Remote Control

Dedicated smartphone app to monitor and control specific functions remotely.

Online Navigation

Your dependable travel assistant.

9 Speakers with Power Amplifier and Subwoofer

A power-packed, surround sound entertainment experience.

6 USB Ports

Charge electronic gadgets with ease; 2 at front console, 1 above rear view mirror, 1 at console box and 2 at rear.

RESPONSIVE PERFORMANCE

Turbo charge yourself and
fast forward to greater adventures.

It is responsive, performing at its best when it needs to
- putting you in total control.

The PROTON X70 will get you going.

Everywhere and anywhere.

*“Innovation distinguishes between
a leader and a follower.” - Steve Jobs*

X70

1.8L TGD i Engine

135kW of power and 285Nm of torque under the hood for a powerful yet efficient drive.

6-Speed Automatic Transmission with Manual Mode

Smooth, responsive and adaptive. Switch drive modes from Normal to Eco and Sport to fit your driving style.

Electric Parking Brake and Auto Brake Hold

Simple and convenient feature to free up the centre console. It safely retains brake pressure when stopping at traffic lights or in heavy traffic. Brakes are released by depressing the accelerator pedal.

Ride and Handling

Tuned by MIRA UK to provide a safe, comfortable and enhanced NVH driving experience.

Intelligent All-Wheel Drive System

Developed by Borg Warner to improve safety and handling in unfavourable road conditions.

REASSURED SAFETY

Your sixth sense.

It alerts you to what you can't see.

Safety that is driven by intelligence to keep you and your loved ones safe and protected.

It even keeps others on the road safer too.

Invisible yet comfortably there.

We've built it into the PROTON X70.

Because everyone deserves to be safe.

"Concern for man and his fate must always form the chief interest of all technical endeavours."

- Albert Einstein

Advanced Driver Assistance System (ADAS)

Equipped with 9 advanced sensors and 5 cameras to look out for what you may miss and react accordingly to keep you and your loved ones safe.

Autonomous Emergency Braking (AEB)

Applies the brakes automatically to avoid potential frontal collision.

Forward Collision Warning (FCW)

Alerts the driver to apply the brakes in the case of an impending collision with a slower vehicle in front.

Adaptive Cruise Control (ACC)

Maintains a safe distance with the vehicle in front when cruise control is in operation.

Door Opening Warning System (DOW)

Senses potential danger when the front door is about to open.

Lane Departure Warning (LDW)

Alerts you if the vehicle drifts out of the lane unintentionally.

Blind Spot Information System (BLIS)

Monitors blind spots and alerts you when vehicles are nearby.

Intelligent High Beam Control (IHBC)

The headlamps adapt to your driving situation by automatically switching between high and low beam when there are other vehicles nearby.

** ADAS safety features are not a substitute for safe and attentive driving. Driver remains responsible for safe vehicle operation at all times.*

360 Camera and Parking Sensors

Provides visual and audio assistance during parking.

Reinforced Safety Structure

Utilising hot press forming (HPF) technology to offer optimum protection in an event of a collision.

6 SRS Airbags

Protect and reduce the risk of injury during a collision.

Tyre Pressure Monitoring System (TPMS)

Monitors tyre pressure and temperature in real-time for peace of mind.

Electronic Stability Control (ESC)

Utilising Bosch 9.1 technology, it improves the vehicle's stability and traction.

Hill Hold Assist (HHA)

Prevents from rolling backwards or forward on a hill slope when starting from a stationary position.

Hill Descent Control (HDC)

Safety feature that maintains the downhill speed at 4km/h.
